What Makes Us Parents' Choice

R.E.A.L Kids' active learning approach has positively and progressively transformed my daughter's character, communication, collaboration, and awareness. She is enjoying her schooling every day while being able to enhance her talents by participating in R.E.A.L Kids' Fun Camps, Sports Days, concerts, and other activities.

- Wong Siew Yong

Compared to her previous kindergarten, my daughter feels more comfortable and much happier learning at R.E.A.L Kids. She has learnt a new language in Mandarin and many other skills. The teachers and staff at R.E.A.L Kids make her experience memorable; giving us parents the confidence in their teaching and ability to provide love and care.

- Elisa Dass Avin

R.E.A.L Kids' multifaceted preschool education has built firm foundations for our kids in terms of academics and values. R.E.A.L Kids' interactive, dynamic, and practical modules have shaped our children and prepared them for their next level of education and other challenges. We have made the right choice with R.E.A.L Kids and it is evident in our children's lives thus far.

- Shareen Shamela

R.E.A.L Kids, Ozana has been both my kids' second home and they love their teachers and school very much. R.E.A.L Kids' learning methods and techniques have moulded my kids to be more bold and confident. I am forever grateful to the principal and teachers for their kind attributes, passion, and dedication. Thank you R.E.A.L Kids from the bottom of my heart!

- Shobana Dayvan

Both my kids are very excited to bring home their new art creations every day after school. It is fun and at the same time enhances their creativity. They also cannot wait to tell us about every experiment that they do in Science class. It has truly been an amazing experience for my kids and the rest of us. Thank you!

- Dr Mohd Syakir

Through R.E.A.L Kids' curriculum and learning materials, we have seen great changes in our daughter Victoria's independence and confidence. We are also pleased with her great improvements in mastering languages. She loves her teachers, friends, and all the fun learning activities such as hands-on science experiments, creative art & craft, and even cooking classes! We are very thankful to have discovered R.E.A.L Kids and its incredible staff.

- Ser Huey Cing

We have good faith in the kindergarten. The annual concert was run smoothly and it brought joy to my son, Gabriel Chang, who had a good time while improving his motor skills. There was great teamwork shown by the teachers and staff, who were also thoughtful enough to have security patrols to ensure the safety of everyone. Overall, a memorable event!

- George Chang

Since joining R.E.A.L Kids, we have observed that our daughter has improved in terms of her speech vocabulary, writing skills, alphabets and numbers, mathematics (addition, subtraction), involvement in physical activities, interaction with others, life skills (knowledge on plants, animals, and cooking), as well as speaking more confidently in English and Bahasa Malaysia.
